

Geometrio Ceiling Lamp

<https://luxarmonie.com/es-ec/products/lampara-de-techo-incurvada-contemporanea-doble-panel-geometrio>

Description

Elevate the aesthetic of any room with the Geometrio Ceiling Lamp. Its double curved panel design adds visual dynamism without cluttering the space. Ideal for those seeking versatility: instantly change the ambiance by choosing between warm, neutral, or cool light (3000K-6000K) with a simple click of the switch. With 22W of power, it efficiently illuminates areas up to 15m², combining a minimalist metal finish (white or black) with long-lasting LED technology.

Key Points

Elevate the aesthetic of any room with the Geometrio Ceiling Lamp. Its double curved panel design adds visual dynamism without cluttering the space. Ideal for those seeking versatility: instantly change the ambiance by choosing between warm, neutral, or cool light (3000K-6000K) with a simple click of the switch. With 22W of power, it efficiently illuminates areas up to 15m², combining a minimalist metal finish (white or black) with long-lasting LED technology.

1. Physical & Material Specifications	
Dimensions:	24 cm (L) x 10 cm (H)
Material:	Aluminium + PC
Finish Color:	White / Black
Installation Type:	Surface Mounted Ceiling Light
Light Source Type	Integrated LED
Socket	N/A

2. Electrical & Technical Parameters	
Power (Wattage):	22W
Voltage:	110–220V (Multi-voltage)
IP Rating:	IP20 (Indoor use)
Dimmable:	No (Non-dimmable)

Functional Data	
CCT (Color Temperature):	3000K / 4000K / 6000K (Switch-controlled) or each one
Switch Mode:	3-Step CCT Change via Switch
Lighting Area:	8-15 meters
Lumen Flux:	1980Lm
Lumen Efficacy:	90Lm/W
CRI:	>80RA

Commercial Info	
Warranty:	2 years
Delivery Time:	2 weeks
Compliances:	CE, RoHs, UL
